Inclusive Education &
Clinical Consultancy

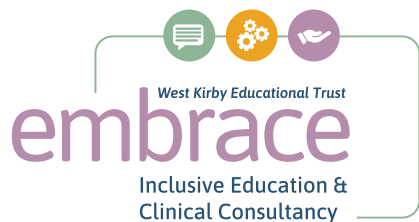

*'Our staff
have used many
aspects of the training
to apply approaches
to a number of
our pupils.
Thank you!'*

Who we are...

Embrace is the Inclusive Education & Clinical Consultancy, part of West Kirby Educational Trust.

Our team of 'Experts at Hand' are experienced leadership, educational and clinical practitioners working within our school settings. This enables us to fully understand the pressures and demands faced by school leaders and their staff.

We are committed to facilitating best practice for inclusion, embracing strategies with impact and sharing resources developed by our highly specialised education and clinical staff team.

What we do...

Working in partnership with schools through Inclusion Reviews, we **consult** with leaders to review current inclusive provision and provide comprehensive strengths based feedback, including strategic and practical guidance to **develop** best practice.

Embrace provides a range of consultancy services through our team of 'Experts at Hand', and resources to **support** effective implementation and ongoing development.

Additionally our Inclusion Hub provides networking and shared best practice opportunities; alongside access to our webinars developed by West Kirby Educational Trust.

Our approach is based around **Key Principles of Inclusion:**

Know our children

Adapt our practice

Create a culture of belonging

Inclusion Reviews...

Our Inclusion Reviews provide schools with a review of their current inclusive provision. These are focused and individualised, highlight strengths, and suggest actions and resources to improve practice.

Inclusion Review framework:

Inclusion Reviews follow our carefully crafted framework formulated from evidence-based research and practical experience.

Inclusive vision and culture

Leadership and management of inclusion

Assessment, identification and monitoring of needs

Curriculum and teaching for inclusion

Behaviour, attitudes, attendance and inclusion

Inclusive personal development and wellbeing

Working with parents and carers

Pupil voice

How we do it...

Inclusion Reviews: Our process...

Following initial consultation with schools to determine an agreed timeframe, we use the following activities to build a holistic picture of what it feels like to be a child at your school, how the vision from leadership cascades into the classroom and determine if policy translates into practice all through the lens of inclusion.

What to expect...

- High quality feedback at every step of the Inclusion Review, with opportunities for discussion on strategies and suggestions throughout the visit.
- A clear, detailed report covering each area of the framework that indicates areas of strength, suggested actions, provides evidence of the school's commitment to inclusion promoting Ofsted readiness.
- An invitation to join our continually expanding Inclusion Hub which aims to develop a network of schools passionate about improving inclusion and sharing good practice.
- Access to the **West Kirby Educational Trust free webinars** developed and delivered by experienced Education, SEND and Clinical practitioners.
- Signposting to free, relevant training and resources.

or email embrace@wket.co.uk

What else do we offer?

Following an Inclusion Review, schools have the option to benefit from our other services.

These include:

Face to face workshops in your school

Face to face workshops in our setting

Pre-recorded training modules

Online consultation groups e.g.
Communication Clinic, Sensory Surgery

In school clinical and SEND consultations

Sensory environmental audits

Free neurodiversity & inclusion webinars

A range of webinars are available through West Kirby Educational Trust aimed at schools and professionals, to support understanding and supporting inclusion and neurodiversity.

WEST KIRBY EDUCATIONAL TRUST

A charity
changing children's lives

Email: enquiries@wket.co.uk
www.wket.co.uk

We are West Kirby Educational Trust: a charity committed to changing children's lives.

Our schools, **Acre View Primary School** & **West Kirby School and College** are located in North West England. We deliver an ambitious and diverse curriculum within our neurodiversity affirming settings. By promoting self advocacy and independence, our children and young people shape their own pathways to achieve their aspirations and thrive in society.

Our Inclusion teams are an intrinsic part of our pupils' education, facilitating effective learning, personal development, and empowering success. This includes Clinical Psychology, Occupational Therapy, Speech and Language Therapy, Home School Liaison, Medical and Pastoral Care.

“ A nurturing community embracing inclusivity & empowering potential ”
